Triton® Foundation with PowerBeam® Bracing

increases foundation strength and durability.

Energy Foam™

part of Simmons' patented no-flip construction, adds greater stability.

Comfort

BeautyStyle™

luxury fabrics and aesthetics offer a more pleasing and sophisticated look.

Evenloft® Surface

a smooth stretch knit cover without quilting or tufting, lightly stretches to form to your body. (select models)

Transflexion® Comfort Technology

ensures comfort throughout the life of the mattress.

NXG® Memory Foam

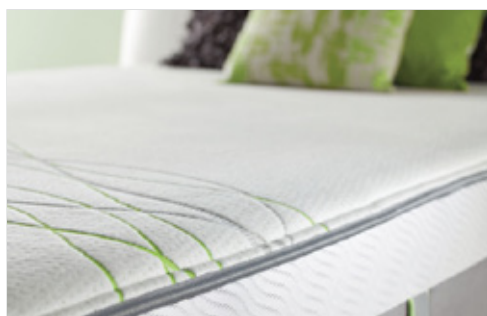

Unlike traditional memory foam, NXG® Memory Foam is uniquely formulated to dissipate heat and respond more quickly to your movements. Progressive support latex available in select models.

CertiPUR-US® Certified Foams

Simmons is the first major manufacturer to use all CertiPUR-US® certified polyurethane foams in their products.

Performance

A union of two advanced technologies, Beautyrest® NXG® combines the contouring comfort and pressure relief of NXG® Memory Foam with the motion separation, conformability, individualized back support and pressure relief of the new Beautyrest® Smart Response™ Pocketed Coil® Technology.

The Beautyrest® NXG® product is available in a variety of other styles and comfort levels. It's the best of both worlds. Better comfort, perfect support and sleep like you've never experienced.
